These funds will be made available when no other community resources are obtainable. Our goal is to provide help to our student populations who have needs that have fallen through the cracks.

Examples: co-pay for prescriptions, sports physical expenses, winter coats, clothing and hygiene needs, and student fees. The requests for funds are submitted to the PTO by the staff at the high schools. No money is distributed to the student, but instead the expense is handled. A clothing closet has been set up at each high school for any staff member to access for students in need. Donations are made directly to the PTO.
